

# Parliament Wow!

# Parliament is boring

- 10+ hour sessions
- Mindnumbingly boring
- Politicians taking decisions without understanding context
- Citizens are out of the loop until it's too late
- For matters of great national importance
- Nothing is indexed by Google!!! 🐱

# What do we want?

- Live insight into parliament discussion
- Summarise to salient points
- Cross reference to relevant bills
- Be able to question the context and receive answers

# Parliament Wow.... NOW!

- A website that show all past and live sessions
- Live transcriptions of ongoing discussion
- Automatic summarisations of topics being discussed
- With citations of bills and documents
- Ask questions like "What was decided today?" and get answers
- Search through all past sessions with natural language

# Stack

- Mistral
- Cloudflare
- Modal Labs
- Google Gemini
- Elbow grease :)

# It works!

- <https://parliament-wow.threepointone.workers.dev/> it works!
